POLICIES

Admissions Policy

Unless otherwise stated in a Program Outline, applicants must have completed grade 12 or equivalent or have mature student status (at least 19 years old). Applicants whose primary language is not English may also need to achieve a minimum of 60% on the CCC language assessment prior to enrolling. Admissions requirements may not be waived by the institution.

Prior Learning

We do not conduct prior learning or work experience assessments, nor do we give credit for them with an exception when an existing student wants to upgrade from a certificate to a diploma program at the sole discretion of the Admissions Director and Senior Education Administrator.

Financial Assistance

Financial strains are one of the biggest reasons that cause students to be unable to graduate. We have many financial options for our students. If you need financial assistance, please contact the college immediately so that we can assist you.

Tuition Fees

Tuition fees for our programs include personal instruction, lessons and lectures. Tuition fees do not include other school fees including administrative fees, technology fees, environmental fees, or textbook costs.

Tuition may be paid by e-transfer, cash, personal cheque, Visa or MasterCard. The primary responsibility for financing educational expenses rests with the student. CCC, however, is happy to offer financial support resources and counselling to aid students in acquiring financial assistance.

Student tuition fees are eligible for tax credits and students will be supplied with social receipts. A T2202A Tax Receipt, which includes the length of the program, is issued each January and includes the tuition paid for the previous year (January – December).

Code of Conduct

Career City College's mission Statement is "To champion career success through up-to-date and accessible skills development". Our goal is to prepare you for the workplace. In the workplace professional conduct and communication is important. We also would like to see that professional conduct and communication within the college to other fellow students and staff.

To remain in good standing with the college students must:

- Maintain a minimum grade of 60% within each course
- Maintain a minimum of 60% attendance within each course
- Meet all financial obligations to the college on time
- Ensure that personal conduct is professional, respectful and in accordance with all the policies of the college as outlined in this handbook

Student Notice

If a student is found to be lacking in any one of the areas outlined in the Student Code of Conduct, they will receive a student notice. This notice will inform the students of areas that require improvement. It will also state that if improvement is not seen, they may be dismissed from the course or the college.

Distance Education Schedules and Times

Students enrolled in distance education programs are required to complete a minimum of 20 hours of study per week. Access to instructional assistance is available from Monday to Friday between 9am and 4:30pm PST via phone, email, or video call, excluding public holidays and during the Winter Break.

If you have an extenuating or emergent circumstance preventing you from attending regular hours, please contact the school immediately.

Attendance Policy

Synchronous and Asynchronous Attendance Policy

Purpose

Career City College delivers programs through a combined **synchronous and asynchronous model of instruction**. Student success depends on active participation in both components of the program.

Students are expected to attend all mandatory live instructional sessions, participate in learning activities, communicate regularly with instructors, and maintain satisfactory academic progress throughout their studies.

Attendance is monitored to ensure students are receiving the required instructional support, meeting program outcomes, and maintaining compliance with institutional and funding requirements.

1. Mandatory Synchronous Attendance Requirements

Synchronous attendance refers to scheduled live instructional sessions delivered by an instructor through virtual classrooms, webinars, live lectures, tutorials, labs, workshops, or other real-time learning activities.

Attendance Expectations

Students enrolled in synchronous programs must:

- Attend all scheduled live sessions.
- Arrive on time and remain engaged throughout the session.
- Identify themselves to the instructor when attendance is taken.
- Be prepared to participate in discussions, activities, labs, demonstrations, and assessments.
- Respond to instructor questions and participate in learning activities when requested.
- Notify the instructor in advance, whenever possible, if they will be absent.

Live instructional sessions are a critical component of the learning experience and provide opportunities for direct instruction, clarification, practical application, collaboration, and instructor support that cannot be fully replicated through independent study.

Failure to attend mandatory live sessions may negatively affect academic performance and may result in intervention, academic probation, or dismissal.

Synchronous Attendance Intervention Process

1–3 Missed Live Sessions

Students who miss one to three mandatory live sessions will:

- Receive a formal attendance warning from Student Services.
 - Be required to review missed content and complete any outstanding coursework.
 - Be responsible for making up learning activities, assignments, and instructional time missed during the session.
-

4–5 Missed Live Sessions

Students who miss four to five mandatory live sessions may:

- Be placed on Academic Probation.
 - Meet with Student Services and/or the Academic Department.
 - Develop an attendance improvement plan.
 - Be required to demonstrate satisfactory progress and completion of missed coursework.
-

More Than 5 Missed Live Sessions

Students who miss more than five mandatory live sessions may:

- Receive a Warning of Dismissal.
- Be required to meet with the Academic Director or designate.
- Be subject to suspension or dismissal due to unsatisfactory attendance and participation.

The College reserves the right to assess each situation individually and consider factors such as communication, academic progress, documented emergencies, and overall engagement.

2. General Attendance Requirements

Career City College maintains a strict attendance policy consistent with workplace expectations and professional standards.

Students are expected to treat their education with the same level of commitment and responsibility as expected in employment.

Minimum Attendance Requirement

Students must maintain the minimum attendance rate required for their program throughout their studies.

Programs Requiring a Minimum Attendance Rate of 60%

Students enrolled in the following programs must maintain a minimum attendance rate of 60% of their scheduled full-time course load:

- All Career City College programs, unless otherwise specified below.

Programs Requiring a Minimum Attendance Rate of 80%

Due to practicum requirements, professional standards, employer expectations, and the nature of the occupations served, students enrolled in the following programs must maintain a minimum attendance rate of **80% of their scheduled full-time course load**:

- Hospitality Management Diploma (HMD)
- Hospitality Operations Certificate (HOC)
- Community Service Worker Diploma (CSW)
- Addictions & Community Service Worker Diploma (ACSW)
- Education Assistant Diploma (EA)

Attendance is calculated using both synchronous participation and asynchronous learning engagement where applicable.

Consequences of Unsatisfactory Attendance

Students who fail to meet the minimum attendance requirements for their program may be subject to the following:

- All absences and late arrivals will be recorded and maintained in the student record.
- Extended or consecutive absences may affect eligibility for financial assistance, sponsorship funding, or practicum placement eligibility.
- Students with recurring absences may be required to meet with Student Services.
- Continued attendance concerns may result in Academic Probation.
- Students who fall below the required attendance threshold for their program may be placed on an Attendance Improvement Plan.
- Ongoing attendance deficiencies may lead to suspension or dismissal from the program

3. Reporting an Absence

If a student is unable to attend class or participate in scheduled learning activities, they must notify the College immediately.

Students may:

- Contact their instructor directly
- Contact Student Services
- Submit an Absence Reporting Form

Student Services Contact

Email: studentservices@careercitycollege.ca

Supporting documentation, including medical notes or other verification, may be requested for extended or emergency absences.

Absences may be considered excused when supported by appropriate documentation and approved by the College.

Students who are absent for five (5) consecutive calendar days without notifying the College may be considered to have an unexcused absence.

4. Asynchronous Learning Attendance Requirements

In addition to mandatory live sessions, students are expected to engage regularly in asynchronous learning activities through the College Learning Management System (LMS).

Asynchronous learning includes:

- Course readings
- Learning modules
- Assignments
- Discussion activities
- Practice exercises
- Assessments
- Independent study activities

LMS Participation Requirements

Students:

- Will receive access to the College Learning Management System
- Are expected to complete the scheduled weekly learning hours outlined in their program
- Must demonstrate regular and consistent participation within the LMS
- Should not be inactive for more than two consecutive days without prior approval

Failure to demonstrate regular participation may be recorded as an absence.

Weekly Progress Expectations

Students are expected to complete the equivalent of their scheduled weekly study hours.

Students who complete less than 60% of their assigned weekly study hours may be considered behind schedule and will be required to make up the deficiency in subsequent weeks.

Student activity and progress within the LMS may be monitored and recorded to support attendance verification and academic progress.

Offline Learning Activities

Students may complete approved offline learning activities for up to 20% of a course's total hours where applicable.

To receive attendance credit for offline activities, students must submit the required documentation or offline hours form as directed by the College.

Course Progression

Students must follow the approved course sequence outlined in:

- Their Program Outline
- Enrollment Contract
- Student Portal

Attendance and progress are measured against the approved course schedule.

Extended Absences

Planned absences should be discussed with the College in advance whenever possible. Students granted an excused absence will be responsible for making up any missed coursework and study hours.

Unauthorized Absences

Students who fail to participate in required learning activities for two consecutive weeks without authorization may be subject to:

1. Attendance review
2. Academic Probation
3. A 30-day attendance improvement period
4. Dismissal from the program if satisfactory attendance and progress are not restored

Student Support

Career City College is committed to supporting student success. Students experiencing personal, medical, academic, or other challenges that may impact attendance are encouraged to contact Student Services as early as possible.

Policy Statement

Because some of Career City College's programs are delivered through a blended synchronous and asynchronous model, attendance is measured through both participation in mandatory live instructional sessions and consistent engagement in independent online learning activities. Students must meet expectations in both components to maintain satisfactory academic standing. The minimum attendance requirement for most Career City College programs is **60%**; however, students enrolled in the **Hotel Management Diploma (HMD)**, **Hospitality Operations Certificate (HOC)**, **Community Service Worker Diploma (CSW)**, **Addictions & Community Service Worker Diploma (ACSW)**, and **Education Assistant Diploma (EA)** must maintain a minimum attendance rate of **80%**.

Asynchronous Attendance Recording Policy

The Asynchronous Attendance Recording Policy at Career City College provides a framework for recording, managing, and reporting attendance for students enrolled in the Distance Learning Asynchronous mode. This policy ensures accurate documentation of student engagement with the curriculum as provided through the Blackboard Learning Management System (LMS) integrated with Classtrack College Management System for attendance and grades capturing and reporting.

Student Onboarding and Access

- **Orientation and Onboarding:** During the orientation phase, students receive their login credentials along with comprehensive training on how to navigate and use the Blackboard LMS effectively.
- **Access to Courses:** Students use their login information to access the Blackboard LMS, where they can begin their coursework in accordance with the curriculum schedule provided.

Attendance Calculation

Attendance is calculated based on the engagement and completion of three core activities:

- **Study Hours:** This includes the time students spend engaged with the online content within the LMS for learning purposes. Engagement is tracked automatically by the system, which logs the active time spent on learning materials.
- **Assessment Hours:** These hours are pre-defined for all online assignments, quizzes, and exams. Each assessment has preset hours that contribute to the total attendance. Completion and passing of these assessments are mandatory for the hours to count towards attendance.

- **Instructor Session Hours:** These are optional hours where students can book time with instructors to clarify doubts or seek further explanation on any topic. These hours are added to the total attendance only if utilized by the student.

Attendance Reporting Example

Consider a student enrolled in the Accounting and Bookkeeping Certificate Program:

Total Course Hours: 40 hours

- **Study Hours Requirement:** At least 60% of total course hours, equating to 24 hours.
- **Assessment Hours:** 30% of total course hours, equating to 12 hours, credited only if the student achieves a passing grade (usually 60% or above).
- **Instructor Session Hours:** Up to 10% of total course hours, equating to 4 hours, utilized at the student's discretion. Attending Program Relevant Seminars also adds instructor hours.

Total Attendance Calculation: The minimum required attendance is the sum of study hours (24 hours) plus assessment hours (12 hours, contingent on passing grades), plus any instructor session hours used (up to 4 hours). This totals a maximum of 40 hours if all components are fully utilized.

Grading

Grading is intrinsically linked to the attendance policy, as completion of assessment hours with passing grades directly impacts the attendance credits received by the student.

Monitoring and Verification

- **System Tracking:** The Blackboard LMS automatically tracks and logs all student activities, including time spent on learning materials and completion of assessments and sends the data into Classtrack which is used by the instructors and administration for reporting and monitoring.
- **Manual Verification:** Instructors and administrative staff periodically review the system logs to verify the accuracy of the recorded times and ensure compliance with the attendance policy.

Monitoring Weekly Study Hours

- **Minimum Weekly Study Hours:** Students are expected to complete at least 60% of 20 hours per week (12 hours) in study activities.
- **Warning Issuance:** If a student's weekly study hours fall below the 12-hour minimum, they will receive a warning. The warning will explain the requirement to make up the deficit in subsequent weeks to maintain compliance with the course's pacing requirements.
- **Excused Absence:** Students facing extenuating circumstances preventing them from meeting the weekly hours can apply for an Excused Absence. Approval of such absences, which do not count against the student's overall attendance requirement, rests with the Senior Education Administrator (SEA).

Reporting

- Daily/Weekly/Monthly Reports: Attendance records are compiled weekly and reviewed to ensure students meet their program requirements.
- End-of-Course Reports: At the end of each course, a final attendance and grade report is generated for each student, indicating their total attended hours and final grades. This report is crucial for determining the student's progression and success in the program.

Policy Compliance

Students and instructors are required to adhere to the guidelines set forth in this policy. Failure to comply may affect the student's grades and progression within their program. Regular audits are conducted to ensure policy adherence and to address any discrepancies in attendance recording.

This policy ensures that attendance tracking for students in asynchronous distance learning modes is rigorous, fair, and transparent, reflecting their true engagement and achievement in their coursework.

Holidays

CCC observes all public statutory holidays. On campus time missed due to holidays will be made up. CCC also annually observes a 2-week winter holiday at the end of December.

Graduation Policy

To be able to graduate from the college and receive a certificate/diploma, students must:

- Complete all parts of their course/program within the set timelines
- Complete all parts of their course/program with a minimum grade of 60%
- Maintain a minimum course/program attendance of 60% (Please check the attendance policy for program-specific attendance requirements)
- Be paid in full for all financial obligations to the college

Student Dismissal Policy

1. CareerCity College may dismiss a student from a program on any of the following grounds:

- Maintain a minimum grade of 60% within each course
- Maintain a minimum of 60% attendance within each course. (Please check the attendance policy for program-specific attendance requirements)
- Meet all financial obligations to the college on time
- Ensure that personal conduct is professional and in accordance with all the policies of the college as outlined in this handbook
- Students unable or unwilling to repeat a failed course may be dismissed from their program. If a student is absent for more than 30% of any program, they may be dismissed from their program

If a student is found to be lacking in any one of the areas outlined in the Student Code of Conduct, or if they continue with actions that were addressed in a Student Notice, they may be dismissed from the course.

2. The process by which a student may be dismissed from a program is as follows:

Dismissals will be communicated to the student in writing. Refunds will be calculated per the refund policy based on the date that the dismissal was issued. If a student wishes to dispute a dismissal, they are to follow the dispute resolution policy.

Withdrawals

Students wishing to withdraw from their program must do so in writing. The date of withdrawal will be the date that the college receives this in writing from the student. Refunds will be calculated per the refund policy. Prior to withdrawing from the college, students are asked to contact the school immediately so any issues can be addressed.

Financial Suspension Policy

This policy outlines the obligations regarding payment deadlines for students and third-party funders, along with the measures taken in case of non-compliance.

I. Student Payment Obligations

Payment Due Date: Students are required to make all scheduled payments by the due dates specified in the enrollment agreement.

Overdue Payments: Payments are considered overdue if not made within 28 days of the due date.

Grace Period: A 7-day grace period is provided after the payment becomes overdue during which students may settle their accounts without facing additional penalties.

Collection Measures: Initial Reminder: Sent immediately after payment becomes overdue.

Final Warning: Sent on the 8th day (post grace period), warning of impending temporary suspension.

Temporary Suspension: Issued if payment is not made by the date listed in the Final Warning. This suspension halts all academic activities and access to campus facilities.

Resumption of Studies: Academic activities and access are reinstated once the outstanding payments are fully cleared.

Dismissal: If payments are not settled during the temporary suspension, the student will be dismissed from the program.

II. Third-Party Funder Payment Obligations

Payment Due Date: Funders must ensure payments are cleared in the student's account one week prior to the start of the program.

Collection Measures for Funders:

Advance Notice: Sent two weeks before the payment due date as a reminder.

Overdue Notice: Issued if the payment is not received one week prior to the program start.

Final Warning: Issued if the payment exceeds 28 days overdue, with potential consequences outlined.

Impact on Student Enrollment: If the funder fails to clear payments within the specified timeframe, the associated student may face financial suspension following the same process as direct student payments.

III. General Collection Measures

Communication: All notices and warnings will be communicated via email and, where necessary, followed up by phone.

Payment Plans: Students or funders facing financial difficulties are encouraged to contact the Finance Department to discuss possible payment arrangements.

Legal Action: Persistent non-compliance may result in legal action to recover outstanding debts, with all associated costs to be borne by the student and/or funder.

This Financial Suspension Policy ensures that all parties are aware of their financial responsibilities and the consequences of non-compliance. Adherence to this policy is crucial for maintaining the integrity and financial stability of our educational programs.

Please note that this document outlines the standard policy for financial suspension. However, management reserves the right to review and override any part of this policy on a case-by-case basis, ensuring decisions are made with fairness and consideration of individual circumstances.

- Clearly state the grounds for the appeal;
- Include any supporting documentation or evidence the student wishes to be considered.

Grounds for appeal may include:

- Procedural error in the investigation process;
- New information that was not available during the original investigation;
- Evidence that the decision was unreasonable based on the information available at the time.

Submitting an appeal does not automatically suspend the academic penalty, administrative hold, or account suspension imposed by the College unless otherwise determined by the Academic Department.

Grade Appeals

Students who believe a grade has been assigned incorrectly may request a review by first discussing the concern with their instructor. If the matter cannot be resolved, the student may submit a formal written Grade Appeal in accordance with the College's Grade Appeal Policy.

Grade appeals related to academic integrity findings must follow the Academic Integrity Appeal process outlined above and may not be used to challenge an academic integrity decision indirectly.

Final Decision

Following review of the appeal, the College may uphold, modify, or overturn the original decision. The decision of the designated College authority shall be final.

Career City College reserves the right to maintain any account restrictions, suspensions, or administrative holds while an appeal is under review where necessary to protect the integrity of the academic process.

Plagiarism Policy

Plagiarism is the presentation of another person's or source's words and/or ideas as if they were one's own. It ranges from an entire assignment which is not the student's own work to specific passages within an assignment taken from a source without acknowledgement.

Students are required to turn in original work only. Plagiarism also includes being seen as being involved directly or indirectly in plagiarism. Students found to be in violation of the College's Cheating & Plagiarism Policy will receive a zero grade for the assessment and/or will receive a zero grade for the course, at the discretion of the instructor. Additionally, depending on the severity of the infraction and on the discretion of the Compliance Officer, the student may be dismissed from the program.

The Inappropriate Use of Artificial Intelligence to Complete Academic Work

AI is a tool, not a shortcut. Our goal is to prepare students not only to succeed in today's classrooms but to thrive in tomorrow's world where critical thinking, integrity, and human creativity will remain irreplaceable.

This outlines the expectations and boundaries for using artificial intelligence (AI) in academic work to preserve the integrity, originality, and authenticity of student contributions.

- Transparency: All use of AI in coursework must be clearly acknowledged
- Integrity: Students must submit work that reflects their own learning, reasoning, and comprehension
- Fairness: The use of AI should not give one student an unfair advantage over others

Required Disclosure: If AI tools are used, students must include a statement in their submission such as: "Portions of this work were developed with assistance from ChatGPT (OpenAI), used for brainstorming and grammatical editing."

Prohibited Use of AI

The following uses of AI are strictly prohibited:

- Submitting AI-generated content as original work without disclosure.
- Using AI to complete quizzes, exams, or any form of assessment designed to test individual knowledge.
- Employing AI to paraphrase or rewrite plagiarized content to avoid detection.
- Relying on AI to code, solve problems, or write essays in place of one's own intellectual effort (unless explicitly allowed).

Violation Examples:

- Copy-pasting an AI-generated essay response into an assignment and submitting it as one's own.
- Using ChatGPT to solve an online exam question during a test.

Respect & Fair Treatment Policy

Career City College is committed to providing a respectful and fair learning environment free from discrimination, harassment, and bullying. We have a zero tolerance for any form of discrimination, harassment, or bullying. Everyone has a right to be treated with dignity and respect at Career City College. We recognize that discrimination, harassment, and bullying can seriously affect a student by creating a stressful, intimidating, and unpleasant learning environment.

Everyone is responsible for ensuring the learning environment is free from discrimination, harassment, and bullying and to ensure any breach of this policy is reported. Senior staff and instructors have a particular responsibility to role model a respectful workplace and learning environment, and ensure that discrimination, bullying, or harassment does not occur. If discrimination, bullying, or harassment occurs, leaders need to ensure it is addressed immediately.

Discrimination

Discrimination refers to adverse differential treatment of individuals or groups and is prohibited by the Human Rights Code. The prohibited grounds of discrimination are race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation, age, and conviction of a criminal or summary conviction offence that is unrelated to employment or intended employment. It may be intentional or unintentional.

Discriminatory Conduct is defined as: a. Unwelcome conduct; b. that is based on or related to one of the prohibited grounds set out above; and c. that detrimentally affects the learning environment or how accommodation, services, or facilities are provided or lead to adverse education-related consequences for the victim.

Harassment

Harassment can be a form of discrimination. It involves any unwanted physical or verbal behaviour that offends, humiliates, threatens, or intimidates someone. Generally, harassment is a behaviour that persists over time. Serious one-time incidents can also be considered harassment.

Harassment includes but is not limited to:

- Unwelcome remarks or jokes about race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation, age, or any other prohibited ground;
- Threatening or intimidating behaviour;
- Unwelcome physical contact, such as touching, patting, pinching, or punching, which can also be considered assault.

Sexual Harassment

Sexual harassment is any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. These can create a hostile or offensive work and learning environment. Sexual harassment includes, but is not limited to:

- Physical contact such as assault, or blocking normal movement;
- Unwanted physical advances or contact such as unwelcome kissing, touching, pinching, patting, or fondling;
- Offensive actions such as leering, or making sexually explicit gestures;
- Offensive comments such as comments about one's anatomy, attire, gender expression, or appearance;
- Jokes, remarks, or pranks that are stereotypical or derogatory to members of one sex or gender;
- Unwanted attention such as persistent unwelcome flirtation;
- Unwelcome verbal advances such as expressions of sexual interest or sexual inquiries;
- Unwanted and persistent social invitations;
- Unwanted sexual propositions or suggestions;
- Use of demeaning or inappropriate terms;
- Use of crude and offensive language;
- Abusive, threatening, or insulting words or behaviour and/or displaying abusive or offensive writing or material.

Bullying

As per WorkSafe BC, bullying includes any inappropriate conduct or comment by a person towards a person that the person knew or reasonably ought to have known would cause that person to be humiliated or intimidated. It excludes any reasonable action taken by instructors relating to the management and direction of students or the learning environment. Bullying can persist over time or can also be serious one-time incidents.

Bullying includes, but is not limited to:

- Intimidation or belittling of an individual, verbally and/or physically;
- Aggressive or threatening gestures;
- Verbal aggression, insults or name calling, derogatory comments, or jokes;
- Sabotaging work;
- Personal attacks;
- Calling someone derogatory names;
- Harmful hazing or initiation practices;
- Vandalizing personal and/or work belongings;
- Spreading malicious rumours;
- Persistent criticism;
- Constant undermining;
- Deliberate exclusion from conversations, be they social or school-related;
- Abuse of power.

Impact and Intent

Acts of discrimination, bullying, and harassment can leave the victim feeling intimidated, humiliated, offended, and excluded. Intent does not determine whether the behaviour is bullying and harassment. A person cannot excuse their behaviour by saying they did not intend it to be humiliating or intimidating. Whatever form it takes, discrimination, bullying and harassment aimed at staff and/or students is always taken seriously and is completely unacceptable.

Impact and Intent

If a student believes that they or any other individual has been subjected to discrimination, bullying, or harassment by Career City College staff, another student, or visitor to the campus, these steps should be used to address the situation:

1. Tell the alleged harasser or bully that the behaviour is unwelcome, inappropriate, and unacceptable.
2. If talking to the individual directly is not an option, or after addressing this with the individual the behaviour continues, report the situation to the Senior Educational Administrator. If discrimination, bullying, or harassment is alleged to be coming from the Senior Educational Administrator, a student should go directly to the Compliance Officer.
3. Career City College will thoroughly, objectively, and promptly investigate complaints of discrimination, harassment, or bullying. Each situation is unique, and Career City College may decide to engage an external consultant to conduct the investigation. An investigation will include meetings with parties involved as well as any witnesses to the incident(s). It may also include collection and review of any materials or evidence.
4. The outcome of the investigation will be communicated to the complainant following the completion of the investigation.
5. If an investigation confirms that unacceptable behaviour has occurred by a staff member, another student, or a campus visitor, Career City College will take prompt corrective action to resolve the situation. This may include training and education, facilitated discussion, suspension, or dismissal.
6. In the event of a serious breach of this policy by a student, the Senior Educational Administrator will follow the procedures contained in the Dismissal Policies and Procedures document.

Confidentiality

All complaints, concerns, and reports of discrimination, bullying, or harassment will be kept confidential as much as is possible consistent with conducting a complete investigation. Anyone who is involved in an investigation must keep information confidential, except if it is necessary to deal effectively with the complaint. Even when a complaint has been resolved, confidentiality and respect are important.

Retaliation

Students have a responsibility to cooperate in an investigation. Everyone contacted during a harassment investigation is reminded that Career City College does not tolerate retaliation in any form against any student who believes, or is concerned, that discrimination, bullying, or harassment has occurred and reports such conduct in relation to this policy. Career City College will protect any person who participates in an investigation from retaliatory conduct. An employee or student who believes they are experiencing retaliation because of having made a complaint pursuant to this policy, or having participated in an investigation, must promptly report the information to the Senior Educational Administrator or Compliance Officer. No person will suffer adverse consequences because of reporting a breach of this policy that is made in good faith.

A Report is a formal notification of an incident of sexual misconduct to someone at the institution accompanied by a request for action. A Report does not have to be made by the victim/survivor.

Please refer to page 3 for the relevant contact information.

6. The process of responding to a Complaint of sexual misconduct involving a student is as follows:

Initially, the Compliance Officer will engage with the Complainant to discuss the matter along with the Sexual Misconduct policy to help provide guidance regarding the issue. (If the complaint is lodged against the Compliance Officer, The Senior Education Administrator will engage the complaint)

8. The process for responding to a Report of sexual misconduct involving a student is as follows:

- Any formal Report received will be acknowledged within 5 business days
- Both the Complainant and the Respondent will be notified of a Formal Investigation
- The Compliance Officer will appoint an Investigator which may be him/herself, a 3rd party investigator, or appropriate Career City College staff.
- The Complainant, Respondent, witnesses, and Staff may be interviewed during the investigation. Alternatively, the Investigator may request written documentation and/or evidence pertaining to the incident.
- The Investigator will provide a written report of their findings within 10 working days of the conclusion of the investigation. This will be provided to the Complainant and Respondent.

11. Any processes undertaken pursuant to this policy will be based on the principles of administrative fairness. All parties involved will be treated with dignity and respect.

12. All information related to a Complaint or Report is confidential and will not be shared without the written consent of the parties, subject to the following exceptions:

Policy on Extensions to Study Programs

Dear Student,

Thank you for your commitment to your studies at Career City College. We understand that life circumstances may occasionally disrupt your learning schedule. However, we wish to clarify why we are unable to offer extensions to program completion timelines.

Regulatory Compliance

As a registered career college under the Private Training Institution Regulatory Unit, our programs are approved and regulated by the Superintendent of Career Colleges. Program durations and completion timelines are part of this approval process. Offering extensions beyond approved schedules would violate these regulatory requirements and jeopardize both accreditation and funding.

Maintaining Program Quality

Our curriculum is designed around rigorous standards that include clear deadlines, defined learning outcomes, and scheduled evaluations such as mid-point assessments. Extending program timelines disrupts this structure and may impact the quality and integrity of students' educational experience.

Responsible Record-Keeping and Transcripts

Under provincial regulations, we are required to track and report student progress, transcript data, and completion dates in alignment with program approval timelines. Extensions could lead to inaccuracies in records or non-compliance with ministry deadlines.

Equity for All Students

Allowing selective variations to program timelines would create an imbalance among learners and challenge our ability to deliver a standard educational experience. Our goal is to treat every student fairly and ensure that adjustments do not unfairly advantage or disadvantage any individual.

Alternatives We Offer

While formal extensions are not possible, we want to support you in completing your studies successfully:

If you feel you require more consultation or support on this please write studentservices@careercitycollege.ca to discuss possible options.

We can work out a plan that allows you to continue successfully within the approved timeframe.

Reassurance and Recap

We truly appreciate your dedication to your studies. By adhering to approved timelines, we remain in full regulatory compliance and uphold the quality of education you deserve. We encourage you to take advantage of our support services to stay on track.

Thank you for your understanding and for choosing Career City College.

Sincerely,

Jenny Koropatnicki
Dean of Program
